# **Your Ward Counts**

**Councillor's Report 2016-17 Hellaby** 

#### **Our Mission**

As a ward councillor we know you take the responsibility of representing your local community very seriously. Our mission is to help you make a difference to the quality of your constituents daily lives and prospects.

This leaflet has been produced by Citizens Advice Rotherham, to give you a snapshot of the types of problems your constituents have sought advice on during the past year and how we have helped them to resolve their issues.

### **Our Clients**

#### Margaret's story

Margaret is a disabled single mother to 15-year-old twin girls. While working as a senior care assistant, she experienced severe sciatica. Medical checks discovered that her spine was crumbling and she was rushed into hospital for an operation, which damaged nerves in her leg and caused her ongoing pain. Unable to work, Margaret struggled to make ends meet and became depressed. Visiting Citizens Advice was a turning point for Margaret as the adviser spotted that she should be receiving Personal Independent Payment – a benefit she didn't know existed – and helped her apply. As a result of our support her weekly income was increased by £141.10.

#### **Alan's story**

Alan had been in full time work since leaving school and never thought he would need debt advice. This all changed when he was made redundant and Alan found himself no longer being able to keep up with his rent and council tax bills. It became more and more difficult for him to manage his debts and he found himself becoming depressed as the bills kept coming. Alan's GP advised him to visit Citizens Advice for support with his mounting money problems. Alan's debt caseworker talked him through his options, negotiated with his creditors and put a stop to the constant creditor phone calls he was receiving. With a repayment plan agreed, Alan has felt able to start looking for another job and move on with his life.

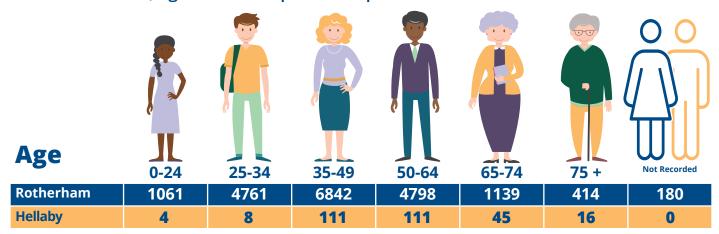

Our advice delivers savings for Government agencies and services. The advice we offer and the way we help clients solve their problems means Government agencies are less likely to deal with clients. Because our service reduces enquiries on benefits and tax credits with the Department for Work and Pensions and HM Revenue and Customs, as well as housing enquiries with local authorities, we know that for every £1 invested in your local Citizens Advice there is a £3.38 saving to the public purse.

If you have any residents who you feel would benefit from our help, then please refer them to our service.
